

DYNAMIC Digital Document Delivery

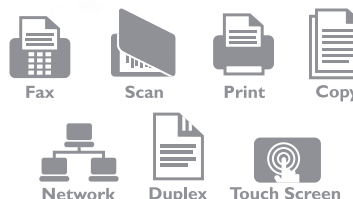

The F-565 from Muratec quickly converts paper documents into high-quality digital images that are easy to read, manage and share.

The F-565 comes equipped with standard:

- › Intuitive touchscreen interface
- › 80-sheet automatic document feeder
- › Duplex output
- › 500-sheet paper cassette and 50-sheet multipurpose bypass tray
- › One-touch color scanning to PC folder, e-mail, FTP and color printer
- › Local and network printing
- › High-speed walk-up and network fax functionality
- › Simple fax server integration
- › Automated indexing capabilities with leading document management systems

ScanTag® DirectScan™ Email Gateway™
Fax Server Integration

DEPLOY. DUPLICATE. DIGITIZE. DELIVER.

muratec

FEATURES AND BENEFITS

Intuitive, personalized touchscreen operation

- › Large, back-lit touchscreen is easy to operate and significantly reduces user training
- › Default screens may be customized for each user thus simplifying operation and increasing efficiency
- › Program keys allow for one-touch initiation of complex fax and copy commands

High-resolution color scanning (Standard)

- › Scan color documents and photos at up to 600 x 600 dpi resolution

DirectScan™ (Standard)

- › The F-565 can be deployed into a dynamic, fast-paced workgroup to enable users the ability to conveniently scan hardcopy documents into electronic files for document archiving and delivery
- › Surf corporate networks with ease, delivering documents directly into network folders
- › Create up to 300 folder shortcut keys for one-touch scan initiation

Scan to e-mail (Standard)

- › Send documents to a remote e-mail address at the touch of a button
- › Intuitive QWERTY keypad allows you to add a customized file name, subject line and text message for each transmission
- › Send documents in TIFF, PDF or JPEG format
- › LDAP compliance enables users to quickly and easily locate contacts on a corporate server (Active Directory, OpenLDAP)

ScanTag® (Standard)

- › ScanTag® enables you to seamlessly capture document images and metadata from the F-565 and transport them directly into document management solutions for archiving

Network printing (Standard)

- › High-speed Ethernet connection enables the F-565 to be shared by multiple workgroup users
- › Secure printing enables users to suppress document printout until a password has been entered at the machine control panel

- › Print on Demand enables users to locate commonly printed documents on the network and initiate printing from the F-565 touchscreen

Reliable fax communication (Standard)

- › Fax modem transmits documents at the highest regulated speeds
- › F-565 can integrate into a variety of fax server solutions using the innovative E-mail Gateway™ feature 
- › Send documents to a remote fax terminal directly from your PC using the intuitive fax driver
- › Archive all outbound fax and e-mail transmissions into a secure network location to create an audit trail of communication
- › Route inbound fax documents to an e-mail address to reduce paper consumption and increase document security

1000 entry address book

- › Each location can house a contact name, fax number, e-mail address and group location
- › Broadcast capabilities (fax and e-mail addresses can be mixed during a broadcast)
- › Expand the internal address book to 2000 locations (w/ optional 512 MB memory)
- › Address book supports vCard import from Microsoft Outlook

80-sheet automatic document feeder

- › Enables faxing, copying or scanning of large jobs without having to split them into multiple sets

Flexible paper capacity

- › Standard 500-sheet front loading tray is accessible and user adjustable
- › Optional second 500-sheet cassette allows for the simultaneous use of letter and legal-sized papers

Duplex printing

- › Reduce paper consumption and day-to-day operational costs by utilizing duplex print, copy and fax reception capabilities

Create color copies

- › Scan to print monitor allows you to create color copies using the F-565 and a networked color printer
